Rhinoseros

What to expect and some trigger warnings

Rhinoseros has an age guidance of 12+

We know live performance can trigger difficult feelings for some people, particularly if the performance contains a sensitive subject matter. We also recognise that some people prefer to know what is going to happen in advance so they can process the content beforehand, allowing them to enjoy the show, without feeling overwhelmed.

This handout details some of the key themes in **Rhinoseros**, so that you can make an informed decision about whether it is suitable for you.

The following is a list of the themes and content within the show. Some of the themes run throughout the play, whilst others are only occasionally referenced or alluded to:

- Strong language
- Alcoholism
- Extremism
- Hatred
- Depression
- Death of an animal
- Reference to suicide

The production also includes bangs, haze and flashing lights.

We have listed all the potentially triggering content, but we understand that you may need more information to make an informed decision. If you would like to discuss any of the above or have more questions about the content of the play, please contact Ceri Williams: ceri.williams@theatr.com
